Description

Abus cycling helmet. The bike helmet is designed in a minimalistic yet functional design. Thanks to In-mold technology, the Macator helmet in black is a guarantee of durability and strength. The ventilation holes of the cyclo helmet ensure excellent air circulation.

The cycling helmet has the Zoom ace system, which is used to adjust and adapt the helmet. The benefit of the bicycle helmet is the removable padding that can be washed. There is also an insect net. The cycling helmet has easily adjustable straps that are pleasant to the touch. The black helmet is a great companion for cycling trips.
