Description

Fischer hockey stick. The CT 150 Grip JR R hockey stick is designed for juniors. The children's hockey stick helps to gain control during the game and support sports performance. Cap technology protects the composite shaft and offers increased performance. The Poly-Air-Bond blade ensures easier handling of the puck and improved shooting accuracy. The hockey stick blade is suitable for all surfaces, including asphalt.

The Fischer hockey stick is gripped and has a special surface treatment along its entire length. The grip ensures a perfect hold of the stick in the glove and thus better work with the hockey stick. The shaft consists of a combination of glass and carbon fibers. The hockey stick is intended for recreational hockey.

Product details:

- The Fischer CT 150 Grip JR hockey stick is manufactured with a 92 bend
- Hardness of the hockey stick (flex): 40
- Total length of hockey stick: 147 cm
- Length to the heel of the hockey stick: 132 cm
