Description

Authority brand children's shoes. Ariel boots are designed in a trendy design. Stitching on the front of the upper and on the heel gives the children's sneakers a modern look. The advantage of children's boots is the simple Velcro fastening.

The upper part of the children's boots made of mesh ensures excellent air ventilation. Sneakers for children provide comfort when wearing thanks to soft padding and a comfortable insole. Light blue sneakers are ideal companions for kindergarten, school, extracurricular and leisure activities.

Product details:

- **very narrow cut**
- velcro fastening
- breathable upper
- reinforced tip
- soft inner insole for comfort
- optimally flexible sole
