Description

Vans women's shoes. Recreational footwear for stylish walks in a modern design, which combines the appearance of a checkerboard and flowers, stands out with its color combination and timeless design. Vans sneakers are for classic lacing with flat laces. Brand sneakers have a reinforced heel for extra durability of the shoe and a soft foam insole for comfortable wear. Vans shoes have the brand logo on the tongue and on the back of the shoes.

Low Vans shoes for ladies are suitable for leisure activities such as walks and meetings with friends, but you can also use them for casual wear to work, to the city or to school.
