

## Ski gloves BLIZZARD-Racing ski gloves, black/silver

**Available sizes**

**Reference number**

**Ean number**

**Quantity**

**Suggested retail price:** 58.99 € s DPH

### Description

Blizzard brand ski gloves. Quality ski gloves guarantee perfect thermal comfort thanks to antibacterial padding, which effectively creates a feeling of warmth and comfort. The snow gloves adapt well to your hands due to their proportion of elastane and have a water-repellent Waterblock membrane, which is vapor-permeable only in one direction and thus reliably wicks sweat away from the skin.

Ski gloves with a leather upper part on the stressed surfaces of the glove are durable and protect the fingers from impacts. The slope gloves have anti-slip silicone palm protection for a better grip. You can easily adjust the waterproof gloves to your hand using the velcro fastener.

### Product details:
