**Description**

Tecnica men's shoes. The Forge M GTX hiking boots in green appeal with an outdoor design. The higher cut of trekking shoes ensures stability when worn. The upper part of the trekking shoes is perforated for a higher degree of air ventilation. The toe and heel of the forest boots are reinforced with additional material for better protection of the foot.

The benefit of hiking shoes is the Gore-tex membrane, which ensures the waterproofness of the shoe. The padded interior of the mountain boots ensures comfort even during a long hike. The Vibram Forge sole conquers even very demanding terrain. Shoes for men are great companions for demanding hiking, trekking and outdoor adventures.
