Description

Men's shorts brand 4F. Trekking shorts for men in the classic timeless black color are extremely light, so they are great to wear even during longer hikes and trips. They are made of quick-drying material with 4F Dry technology and therefore guarantee excellent moisture removal during physical activity and are well breathable.

The hiking shorts for men have a construction with Ultralight technology, which guarantees user comfort. Elastic material with 4Way Stretch technology ensures freedom of movement in all directions. Black outdoor shorts have 3 practical pockets, two open side pockets and one on the right thigh with a zipper. The semi-elastic waist with a zipper and a rivet button with belt loops allows for individual adjustments and a precise fit on the figure. The shorts are low volume and extremely easy to pack.
