Description

Women's training bra brand 4F. Sports bra for yoga, ensures easy bust strengthening. it can also be used for other light activities such as walking or stretching. The training bra is made of elastic and quick-drying material using seamless technology. Wide straps and a two-layer structure guarantee comfort and better visibility during training.

The bra for ladies in shades of blue has a boxer cut that ensures natural freedom of movement. The two-layer construction guarantees invisibility and comfort. Zone ventilation is strategically placed and promotes good air ventilation. A wide, elastic band under the bust ensures a good fit to the body. The edge of the hem with a silicone layer ensures that the bra is properly held in place during exercise.
