Description

Five season men's shorts. Trekking shorts above the knees will be a good companion in the summer. The men's green shorts have an adjustable velcro waistband on the sides, making it easy to adjust the size. Trek shorts are made of flexible material that will not restrict your movement.

The hiking shorts are extremely practical as they have two zipped side pockets, a back pocket and a zipped thigh pocket. The pockets give you plenty of storage space for your things. Forest shorts are made of quick-drying material, thanks to which you can handle any climb. The advantage of shorts for men are YKK zippers.
