Description

Cycling helmet brand R2. The Cliff bicycle helmet impresses with its modern, sporty look and two-tone combination of black and green. There is also an R2 logo on the side.

In-mold construction ensures strength, durability and head protection. X-Protect technology will ensure even higher security. Active Airflow ventilation and 20 ventilation holes ensure excellent air circulation. The lining of the cycling helmet provides not only antibacterial protection, but also comfort. There is also an insect net. A great choice for cycling adventures.
