Description

Equa brand bottle. The stylish design and its practical features make it your new companion for work, sports, school and kindergarten, on the road, in short, for every day. The water bottle has a volume of 600 ml, is made of special material Tritan, which can withstand temperatures up to 100°C, so it is suitable for both hot drinks (coffee, tea) and cold drinks (water, juice).

The healthy EQUA bottle is made of organic materials and does not contain any harmful substances such as BPA , which is found in some plastics. Maintenance is very easy, you can wash it by hand thanks to the wide neck. The outer surface of the bottle consists of a soft silicone layer, and therefore such a bottle is not suitable for the dishwasher. The drinking bottle is a soft purple color. It is also suitable as a water bottle for children going to school.
