### Description

Roller skates of the brand Fila skates. Ghibli in-line skates are top skates in the category of Fitness skates. In-line skates appeal not only with a modern design, but also with great performance. Roller skates are a guarantee of support and comfort thanks to SoftWear™ and Advanced Air Flow Pro technologies. The inline skates fasten with laces, a clip and a Velcro strap.

Air Flow technology ensures excellent air circulation and a pleasant thermal climate inside the skate. The inner shoe is made with SoftWear technology, which ensures maximum comfort and lightness. These branded skates are the right choice for speed enthusiasts.

When buying skates, we recommend buying [a spare brake](#) . The brake is worn out by braking and therefore needs to be replaced. Wear depends on skating style, braking and frequency of skate use. Brake types change and it is possible that new models differ in technical specifications from older models. New types of brakes may not fit older types of skates.

### Product details:

- Chassis: Aluminum 6000
- Wheel size: 90 mm
- Wheel hardness: 83A
- Bearings: ABEC 9
