Description

Women's shoes from the brand Skechers. Sports sneakers for ladies are in a stylish design, in which you will definitely catch everyone's eye. The trendy shoes are white and decorated with the brand's timeless logo in a pink-orange design on the side. The boots with the logo have a mesh upper, which ensures very good air ventilation. For easier putting on and taking off shoes, they have a back loop on the heel. Skechers shoes have a classic lacing, which ensures a reliable fixation of the foot in the sneaker. Go Run shoes have reinforced toe and heel for better protection when training or walking.

Branded boots absorb your every impact well due to the high-quality sole and midsole. In them, you feel as if you are floating above the ground and jumping from cloud to cloud. They are pleasant to wear and you are provided with all-day comfort. Training shoes have a low cut, which is among the favorites. Training sneakers are a piece that can be easily combined with different outfits for different events. White shoes go well with sports leggings, trendy pants or even summer shorts. They are suitable for everyday wear. Women's boots are the ideal solution for training, for hiking, for a walk or just to the city.
