### Description

Adidas children's shoes. Stylish sneakers for children are a must-have item in their shoebox. Branded shoes are in black and white, which are complemented by pink stripes on the sides. They are designed in a sporty style that is timeless. Modern boots have characteristic three stripes in a contrasting color. They can be very well combined with different outfits for different events.

Quality footwear has a mesh upper that ensures the best air breathability. The sneakers for children have a lace-up closure that ensures the best possible fixation of the foot. Training boots have reinforced toe and heel for good protection. The sole and soft insole ensure quick energy recovery and ideal damping. Adidas shoes are a great choice for training, various exercises or for active leisure time.
