Description

Mikasa volleyball ball. The beach volleyball ball is in a nice white - yellow - blue design. The volleyball is sewn with the new Mikasa TwinSTLock technology. The double stitches and thinner thread make the beach volleyball more durable. The advantage is that the Mikasa ball is water resistant.

The ball is an exact replica of the official FIVB game ball. The branded ball will be your great companion for free time during summer days. Play beach volleyball with friends and with the Mikasa - VLX 30 ball.
