Description

Under armor women's leggings. Branded leggings will appeal to ladies who prefer a design with clean lines. Leggings for women are decorated with the Under armor logo and inscription on the side. The advantage of leggings for ladies is the high waist, which makes them suitable for yoga. Under armor leggings have a tight cut that follows the figure. Compression leggings with 4-way stretch construction guarantee a high degree of mobility.

The strength of the leggings is the HeatGear® fabric, which is functional and light. At the same time, it wicks away sweat perfectly and dries quickly. Flat seams ensure comfort. There is a small pocket for small items in the waist. Black leggings are ideal companions for various exercises, work-out and free time.
