Description

Women's bra brand 4F. Sports bra for all active women. The bra ensures easy support of the bust during training. It is suitable for static training or low-intensity training, such as yoga or cardio exercise. The women's sports bra has a wide hem under the breasts for a better grip.

The sports bra for women is made of light and quick-drying material. Thanks to the 4FDry technology, moisture leaves the body to the outside. Semi-transparent mesh panels ensure proper airflow, so the women's bra is breathable. The fitness bra has removable inserts. The modern color design in a combination of black and pink will give you a twist even in the gym.

Product details:
