Description

Anta women's sweatshirt. The trendy sweatshirt attracts attention with a very nice pastel pink color. The sweatshirt for ladies is designed in a minimalist design. It has an indented material on the shoulders that gives a modern sweatshirt a twist. You can easily combine the Anta sweatshirt with jeans or trousers.

The stylish sweatshirt contains a high proportion of cotton. This makes it soft and very comfortable. At the same time, it is pleasant to the touch. The branded sweatshirt also has a practical hood, which comes in handy in cold weather. Two side pockets are used to store small items. A pink sweatshirt is a great choice for casual wear, for work, in the city, for shopping and free time.
