Description

SKS Germany pump. The Twin Air pedal metal pump is suitable for inflating the tires of bicycles, motorbikes, cars, or swimming pools, boats or inflatables. The metal construction is durable and has two pistons. A practical foot pump with a pressure gauge and a tube for an autovalve with a reducer is an ideal helper for your leisure activities.

Product details:

- bicycle foot pump
- pedal system
- manometer with tube for autovalve with reduction
- also suitable for cars, boats, inflatables or mattresses
- maximum pressure: 5 bar / 73 psi
