Description

Skechers women's shoes. Women's winter boots in black, which you can easily combine with your winter look. Many ladies will like the elegant look of the shoes. The higher cut of winter boots does not allow unwanted snow to pass through and keeps the feet insulated from the cold. The snow boots have been waterproofed.

Winter brand shoes will please with a warm interior made of artificial fur. The lacing is complemented by metal eyelets and hooks for better securing of the foot. The inner insole with Air-Cooled Memory Foam® ensures comfort even during prolonged wear. You will definitely use shoes with fur in winter.
