Description

Color Kids children's shoes. Children's snow boots with a high cut, which will protect children's feet from winter and cold. Children's winter boots can be pulled up with an elastic cord. No snow or other dirt will penetrate the bottom. Winter boots for children are suitable up to a temperature of -20°C.

Children's winter boots are waterproof. The inner liner can be completely removed and you can easily dry it if necessary. Children's snow boots have a firm and thick sole, which holds firmly on any surface and does not slip. Girls' winter boots are burgundy with pink soles. The shoes have a reflective element on the side.
