### Description

Ziener neck brace. A tube scarf or tunnel scarf is very practical on cold and windy days. The pleasant material will not scratch and will warm your neck, wherever you are. The women's neckerchief will liven up your outfit thanks to the sparkling fiber that is part of the material.

The black women's neckerchief is very trendy and has a knitted look. It looks elegant and casual at the same time. This fashion accessory should not be missing for any stylish woman and you will definitely like it.
