Description

Moon Boot children's shoes. Trendy snow shoes for children attract attention with a stylish design in black and silver. The inside of children's boots, insulated with fleece, will keep your feet warm even in the coldest weather. Winter boots for children have a quality sole that increases safety on slippery surfaces. They are suitable for normal wear in winter, on the slopes or sledding.

Children's winter shoes have a special surface finish and the highest quality materials. This makes these children's winter boots excellent for walking in the snow and also to withstand the harshest winters in the city. The nylon upper and special waterproof membrane make these snowshoes highly durable. The padded lining ensures all-day comfort.

The manufacturer does not recommend the use of impregnations, which may damage the surface material.
