Description

Kidney brand Under armour. The trendy kidney has a waterproof UA Storm finish. The main compartment is optimally spacious for storing documents, mobile phone and keys. The stylish waist bag also has a smaller pocket on the back. Brand kidney is a nice to have accessory that will please.

The Under armor loincloth has an easily adjustable strap with a buckle fastening. The advantage of the loincloth for both ladies and gentlemen is the reflective details that improve visibility in poor lighting conditions. The black kidney is a great companion for everyday wear, to the city, on vacation and in free time.
