Description

Men's trousers brand Everett. Tourist trousers in a modern design are suitable for your adventures in nature. The black pants are decorated with the inscription Everett on the side. The trousers have a functional straight cut that does not hinder movement. Thanks to the proportion of elastane, they are flexible and adaptable.

The hiking pants have a YKK zipper and snap fasteners. The advantage is the practical pockets, which are located on the sides and one at the back. Sports pants are soft and very pleasant to the touch. Long pants for men ensure comfort even during a long hike. You can easily combine them with a sweatshirt and a hiking jacket and you can go. Trekking pants Everett are great companions for conquering tourist routes, for camping and trekking.
