Description

Women's sweatpants of the brand Authority. Sweatpants in a universal black color will delight lovers of classics and timelessness. Black women's tracksuits are comfortable thanks to the high proportion of cotton, and at the same time they are slightly elastic due to the proportion of elastane. The brand's sweatpants have an elastic waistband with external drawstrings, so you can adjust them as needed. The inside is warm thanks to the combed fleece.

Women's stylish sweatpants have a narrow cut and cuffs with rubber on the ends. The open side pockets are a bonus. The minimalist design of the tracksuit for ladies is complemented only by the mini Authority logo. Comfortable sweatpants are suitable for at home or free time with friends.
