Description

Boys' t-shirt for swimming by Color kids brand. The water t-shirt is designed in a minimalist design with an emphasis on functionality. A nice detail is the Color kids logo on the front. The T-shirt for boys in the water has a stand-up collar that partially protects the neck from UV radiation.

The short-sleeved swim top has a close-fitting cut that follows the figure. The elastic material adapts very well to the figure. A T-shirt with sun protection UPF 50+ is an excellent choice for protecting the upper part of the child's body. The UV T-shirt in blue is an excellent companion for vacations, the pool, the water and the beach.

Product details:

- minimalist design
- tight fit
- flexible material
