Description

Wittkop bicycle saddle. The Twin Medicus bicycle saddle is a comfortable sports saddle. It has a high-quality gel filling, which is especially appreciated by cyclists who love long rides and bike tours. The gel seat has shock absorption technology.

The saddle for a mountain bike or gravel bike will also protect sensitive parts thanks to the anatomical opening. The 5 Step Design technology also contributes to comfort. The Medicus-Twin concept saddles are based on an analysis of the structure of the human body in connection with movement during cycling.

Product details:

- comfortable sports saddle
- suitable for mountain and gravel bikes
- gel filling
- anatomically shaped
- with an opening to protect sensitive parts
- 5 Step Design technology
- black color with white and red details
- dimensions: 280 x 170 mm
- weight: 370 g

WITTKOP Medicus TWIN

- Medicus-Twin koncept je založený na analýze stavby ľudského tela v spojitosti s pohybom pri cyklistike
- Konštrukcia Five-Step-Design rozdeľuje sedlo na 5 rôzne polstrovaných zón, čo zabezpečuje vysoký dynamický komfort pri jazde
- Zvýšené odpruženie zadnej zóny umožňuje sedacím kostiam príjemné tlmenie a špeciálnym tvarovaním tejto zóny je tlak vznikajúci parvou rotáciou pri pohybe rozložený na celú sedadlu plochu
- Toto sedlo bolo vyvinuté nemeckým ortopédom Dr. Torstenom Werlom a je postavené na osvedčenom Wittkop-Medicus princípe
