Description

Adidas football socks. The football stucco excels with AEROREADY absorbent material, thanks to which they will keep you dry even during a demanding match or training. Football jackets have a special cut for the left and right foot and are padded in critical areas for greater comfort.

The white stockings have a reinforced heel and toe, which are in a contrasting color. The upper hem is decorated with three adidas strips and there is also a logo on the front. Football socks are also made from recycled Primegreen material.
