Description

Adidas flip-flops. Branded flip flops are nice to have footwear that you can use not only for the beach, but also for everyday wear. Thanks to the classic cut, the beach flip flops are suitable for every type of foot. Beach flip flops are made of synthetic material that is durable.

The strap features a larger adidas logo. The advantage of adidas flip flops is the shaped insole. Both ladies' and men's flip flops feature a Cloudfoam midsole for a higher level of wear comfort. Black flip-flops are a great choice for the beach, the swimming pool and the aqua center.

Note: For these flip-flops, order one size larger than you usually wear. If you usually wear a size 38, order a size 39.
