Description

Skechers women's shoes. Ankle boots are suitable for cold weather thanks to the warm artificial fur interior. The higher ankle cut will protect you from the cold and wind and at the same time provide stability when walking. Winter boots have a durable upper with a shiny appearance and will please all stylish ladies. The faux fur around the ankle looks very trendy.

Skechers shoes are tied with classic laces. They are comfortable thanks to the comfortable Air Cooled Memory Foam® insole, which guarantees a comfortable fit, which reduces leg fatigue even after walking all day. The ribbed Skech-Air® rubber sole ensures good grip and stability even on wet surfaces. Women's shoes with fur will liven up your outfit and give it a glamorous style. Winter shoes are suitable for everyday wear in the city, at work or in your free time.
