### **Description**

Under Armor compression bra. The training bra is designed in a sporty design. A sports bra is a guarantee of support during exercise. The cut of the training bra allows for a high degree of movement. The advantage is the cutout in the back area for excellent air circulation.

The sports bra is made of soft material, which will allow wearing comfort. The Heatgear material wicks away sweat very well and dries quickly. The branded bra is ideal for various sports and leisure activities and work out exercises.

### **Product details:**
