Description

Under Armor women's bra. The sports bra impresses with its refined cut that looks feminine. A training bra is a guarantee of support during sports. The cut of the training bra allows for a high degree of movement. Mesh panels for excellent air circulation are a bonus.

The sports bra is made of soft material, which will allow wearing comfort. The Heatgear material wicks away sweat very well and dries quickly. A plus is the adjustable shoulder straps, which you can adjust as needed. It includes a t-shaped, injected one-piece lining made of PU material for maximum comfort. The branded bra is great for various sports and leisure activities and work out exercises.
