### Description

Men's t-shirt brand 4F. The sports T-shirt with short sleeves is suitable for exercise and training. It stands out for its light and breathable material and classic cut that fits well on the figure. Material with 4F Dry technology supports moisture removal and has quick-drying properties. The men's T-shirt is flexible and provides the necessary freedom of movement during exercise.

The T-shirt for training has panels made of perforated material, which are located on the back and under the armpits. These places will ensure air circulation.
