Description

Women's t-shirt brand 4F. Women's T-shirt with long sleeves is intended for exercise or training. It has a trendy short cut crop top. The close-fitting material with the use of 4F Skin fits the figure well and provides comfort. The quick-drying elastic fabric is seamless and does not irritate the skin. The training shirt has ventilation panels on the front, back and sleeves that promote air flow.

The sports t-shirt has a wide band under the bust, which will provide support and adapt to the figure. Women's T-shirt has a round neckline. A stylish crop top for ladies is designed for active women who want to look and feel good even while exercising.
