Description

Fundango women's pants. Ski pants delight with great functional features. The ski pants have a DWR water-resistant finish that guarantees waterproofness. A bonus is the Dripex membrane, which will strengthen water resistance and ensure breathability. If you need even better air ventilation, there are zippered vents.

Thanks to the 4-way stretch construction, the ski pants provide a wide range of movement. The belt is easily adjustable. The pants include a belt. Women's warmers have waterproof zippers. Waterproof warmers for ladies are ideal companions for skiing, winter sports and winter outdoor activities.
