Description

Women's jacket by Northfinder brand. The women's ski jacket with finely stitched parts is designed in a stylish design. The ski jacket has a practical hood that will please in windy weather. The strong point of the ski windbreaker is the waterproof impregnation without the use of PFC substances. Critical seams are taped as a plus.

The functional jacket for ladies charms not only with its appearance, but also with its breathable material, which allows for excellent air circulation. The men's windbreaker for skiing has two side pockets, a pocket for glasses and a pocket for a ski pass. The snow belt prevents snow from penetrating inside the windbreaker. YKK zippers are extremely durable. White - gray jacket for ladies is the right choice for skiing, winter sports and winter outdoor activities.
