Description

Women's jacket by Northfinder brand. The hiking jacket stands out with the possibility to wear it on both sides and choose the color according to the current mood. So you can wear it as a pink or blue jacket. The women's windbreaker has trendy stitching, which makes it more interesting. The advantage is its waterproof DWR treatment without the use of PFC compounds. The women's jacket fastens with a YKK zipper. The high collar and built-in hood are also an advantage.

The reversible women's jacket is light and easy to pack. So you can always have it handy in your backpack and take it out when needed. The windbreaker for the mountains has a warm filling made of imitation down, so it will provide the necessary thermal comfort. Quilted jacket for ladies has two outer zip pockets. The sleeves and bottom hem of the quilted windbreaker are finished with elastic bands, so it stays in place and insulates against the winter.
