Description

Women's jacket by Northfinder brand. The mountain jacket is durable and functional. The strong point of the tourist windbreaker is the water-resistant surface treatment without the use of PFC substances. The trekking windbreaker consists of a 1-layer light material that is windproof. The classic cut fits well on every body type.

The jacket for the forest will delight you with its excellent breathability. Two side zip pockets and one inner pocket are used to store small items. The trekking jacket has a practical hood, which you will appreciate in windy weather. YKK zippers are waterproof. The yellow jacket is ideal for trekking, camping, hiking trails and outdoor expeditions.
