Description

Women's pants by Northfinder brand. Women's warmers have special technologies that support winter sports. Primaloft synthetic insulation guarantees warmth, a high level of air circulation and, moreover, dries quickly. The strength of the ski pants is the Dermizax membrane, which ensures waterproofness and wind resistance. The ski pants include the Recco avalanche search system.

Thanks to their high water resistance and breathability, women's ski pants are reliable companions for winter sports. They have an easily adjustable waist and shaped knees. Warming shoes for ladies are a guarantee of a high degree of movement. YKK zippers are extremely durable. Black ski pants are ideal for winter sports and winter outdoor activities.
