Description

Blizzard men's jacket. The ski jacket also meets demanding criteria - it is synonymous with durability and functionality. The strong point of the ski windbreaker is the DWR waterproof finish, which ensures waterproofness. A high degree of breathability and water resistance is a matter of course. Taped seams are a benefit.

The ski windbreaker has a removable hood. The plus of the ski jacket is the ventilation holes, which ensure excellent air circulation. The snow belt prevents snow from penetrating the jacket. A ski jacket guarantees a high degree of mobility. Reflective logos will improve your visibility in poor lighting conditions. The red jacket is a top choice for skiing and winter sports.
