Description

Girl's jacket by Color Kids brand. The ski windbreaker is designed with an emphasis on functionality. The ski jacket provides great wearing comfort. The ski jacket has a snow belt that prevents snow from penetrating the inside of the windbreaker. A plus is the YKK zipper, which is extra durable. The girl's ski jacket has an extended back, which better protects against the cold. Two side zip pockets and one small ski pass pocket on the sleeve, secured with a zip, hide everything you need.

The jacket for girls for skiing is waterproof, windproof and at the same time ensures excellent air circulation. The benefit is taped seams, which increase resistance to moisture. The ski jacket for girls has a Bionic Finish Eco surface treatment, which ensures waterproofness, does not contain harmful PFCs and is environmentally friendly. The snow jacket has a reflective element on the back for better visibility in poor lighting conditions. Children's branded jacket is perfect for skiing, winter sports and games in the snow.
