**Description**

Adidas women's shoes. Boots for the forest appeal not only with excellent functionality, but also with a modern outdoor design. The construction of hiking shoes is durable and has a low weight. Combine these hiking boots with women's hiking clothing and set off on an adventure.

Trekking shoes for women have a light mesh upper, which is a guarantee of very good air circulation. Mountain shoes provide excellent stability. The midsole made of EVA material ensures reliable cushioning and shock absorption.

Women's trekking shoes have a sole made of Continental rubber, which ensures grip on both wet and dry surfaces. Trekking shoes fasten with classic lacing. Shoes for ladies are the best companions for conquering hiking trails, trekking, outdoor activities and walks in nature.
