Description

Merrell men's shoes. Winter footwear will delight with its waterproof surface treatment. The upper consists of a mesh material for excellent breathability and a synthetic material for a higher level of durability. Thanks to the classic lacing, the winter boots adapt well to the foot. The sewn-in tongue prevents dirt from entering. The toe of the winter boots is extra reinforced with additional material for a higher degree of toe protection.

Ankle winter boots have a higher cut, which is a guarantee of better stability. Internal warming padding will take care of the warmth. Merrell Air Cushion damping will allow increased shock absorption. The EVA midsole provides excellent cushioning. The Merrell rubber sole is durable, non-slip and provides excellent traction. Black shoes for men are great companions for everyday wear, for the city and for free time.
