### Description

BUFF brand neckerchief. The light multifunctional scarf charms at first sight with an interesting pattern. It is made of 100% merino wool, which is soft to the touch, naturally resists odors and, in addition, will provide you with high comfort during wear. The main advantage of merino wool is its excellent thermal insulation properties.

The Merino neckerchief is suitable as both a women's and a men's neckerchief. The Buff scarf has a universal use and can be worn in many ways - as a headband, cap, scarf or bandana. Its natural fibers prevent the reproduction of bacteria and thus the creation of unpleasant odors. Perfect for low intensity activities such as hiking, climbing or horse riding.
