Description

Adidas women's shoes. Women's sneakers are designed in a timeless yet still trendy style. The white sneakers have the characteristic three stripes in a silver glitter design on the side. Stylish boots are easy to combine with different outfits and thanks to them you always create great styling. They are ideal for jeans and skirts.

The upper part of the branded boots is made of synthetic leather, which is easy to clean and maintain. Trendy sneakers for ladies have a gently perforated tip for optimal air circulation. The soft insole and inner padding ensure all-day comfort. The rubber sole is durable and non-slip. Trendy adidas sneakers are the best companions for everyday wear, in the city and for leisure activities.
