**Description**

Vans men's shoes. Men's sneakers stand out with a higher cut and color design. You will appreciate the higher cut in the off-season, when it will provide you with protection from the cold and wind. Vans men's sneakers have a durable suede upper that will provide the necessary breathability and comfort. It is decorated with a colorful stripe on the side, typical of the Vans brand. The toe and heel of the black sneakers are reinforced with additional materials, which extends the life of the boots.

Branded sneakers for men stand out with a colorful tongue and laces. The inside is made of warm and pleasant fleece. Thermal comfort is complemented by Primaloft technology, which, regardless of the weather conditions, ensures the necessary warmth, while at the same time preventing the absorption of moisture. Vans men's boots are comfortable thanks to the padded collar and soft removable insole inside. The advantage of Vans sk8 hi sneakers is also the rubber sole, which has anti-slip properties. These Vans shoes are suitable for everyday wear to work, school or leisure.
