**Suggested retail price:** 27.99 € s DPH

### Description

Under Armor winter cap. The black cap has a close-fitting cut, but due to the proportion of elastane, it adapts optimally to the circumference of the head. It is suitable for wearing on cold days, even during sports. The pleasant material has undergone a UA Storm water-resistant treatment, so even rain or light snow will not surprise you during training. Dual-layer ColdGear® fabric with an ultra-warm, brushed interior and a smooth, quick-dry exterior is the right choice for active people who go out in all weathers.

The Under Armor cap is made of material that wicks away sweat well and dries quickly. It has a light construction. It is decorated with the UA logo on the front. Reflective elements are also a bonus, which will improve your visibility and thereby your safety in poor conditions. The running cap will please all exercise lovers.
