Suggested retail price: 629.99 € s DPH

Description

Volkl brand skis. Racing skis are excellent universal skis for medium arc. Thanks to the WOODCORE wooden core supplemented with a Power by Steel steel plate, the skis are sufficiently stable and dynamic, guaranteeing an excellent transfer of forces to the edge of the ski. In combination with XTD Tip and Tail Rocker (extended Rocker), the skis are very playful and easy to control.

The Völkl Deacon 75 skis are equipped with a lightweight Marker Vmotion binding that provides the rider with maximum safety. The vMotion GW binding is fully compactable with downhill boots with Grip Walk soles.

Binding is included in the price of the skis.
