Description

Women's skis brand Volkl. The Flair 76 Elite all-mountain skis offer excellent performance for female skiers who want to develop their skills on the slopes. The construction of a partial sidewall in the middle part of the ski offers improved edge grip and increased stability when carving.

Thanks to the tolerant tip and heel, you can also go off-piste. Even in changing snow conditions, the rocker tip offers a wide field of use and easier turning. The lightweight vMotion2 binding system has a large bearing surface allowing for very good support transfer. It is compatible with GripWalk and thus ensures comfortable entry and exit. Skis for ladies Flair 76 Elite will open the way to new horizons.

Binding is included in the price of the skis.
